

EASY PRO

Reliable and easy to use, the Easy Pro is the best selling change machine in its range.

The 32-bit CPU provides functions which are present only in the change machines of higher range and price, such as importing/exporting configuration parameters, exporting accounting data and the useful function of machine cloning.

The reinforced closing mechanisms make Easy PRO one of the most secure change machines in the market with regards to attempts of tampering and fraud.

All accounting data can be exported on SD card and transferred on any PC.

Features

- LCD graphic display.
- Connection of peripherals via ccTalk.
- Coins/tokens dispensed automatically or manually.
- New 32-bit CPU with SD-Card.
- Exporting of accounting data and importing of configuration parameters via SD-Card.
- Machine cloning function.
- Special cover for the dispenser's extension: prevents coins from falling out in the event that the machine is tipped over.
- Wide range of installation options: wall mounted (with the Easy UP kit); countertop; wall mounted, by means of 3 anchoring bolts to be inserted at the back of the device; free standing on special base (optional).
- Holes in the cabinet for fastening the unit to other machines or to external structures such as columns or pillars.
- Internal on/off controls to prevent tampering.
- Pivoting door to facilitate dispenser-loading and cash box removal operations.
