About this book

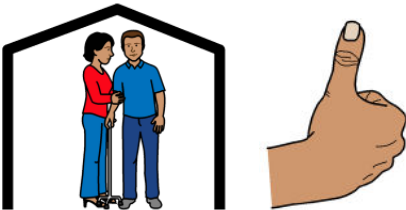

This book is written by DirtyFeet.

When you see the word **we** it means DirtyFeet.

This book is about our **Access and Inclusion Plan** 2020 to 2021.

Our Access and Inclusion Plan says how we will make our services better for people with disability.

PLAN

2	_____
3	_____
4	_____

In this book we will call it the Plan.

We have 4 goals in our Plan.

Goal 1 Connect with people in our community

We will

- give people in the community access to information in Easy English

- make sure people who find it hard to see can get our information

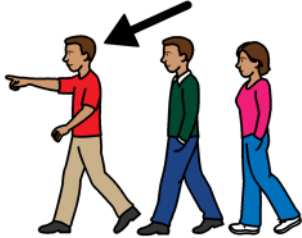

- work with our **consultation group** to help meet our goals every year.

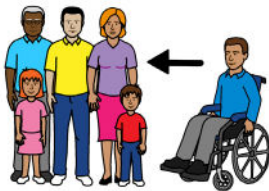

A consultation group is a team of people with disability who help us make sure our services can be used by everyone.

Goal 2 Support people with disability to dance

We will

- make a job in The Right Foot for a person with disability to help lead our programs

- support more people to join The Right Foot and The Choreographic Lab

- look at how to do The Right Foot in regional areas

- give some people with disability professional dance training

- give a choreographer with disability a chance to join in at The Choreographic Lab

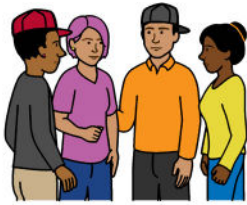

- perform every year with another company.

Goal 3 Be inclusive

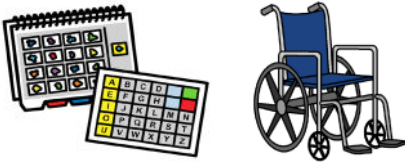

We will

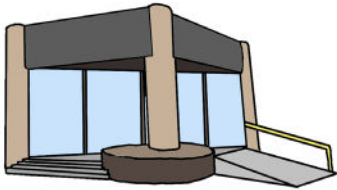

- give everyone in our programs access to information in Easy English

- make sure everyone in our programs has the chance to talk with each other

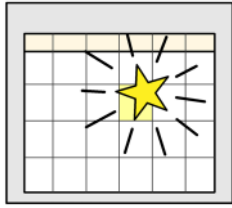

- make sure we know what everyone needs to take part in our programs

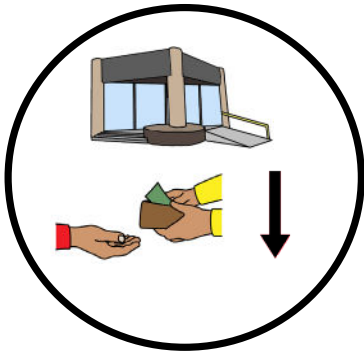

- make sure the buildings we use can be used by everyone.

Goal 4 Plan for the future

We will

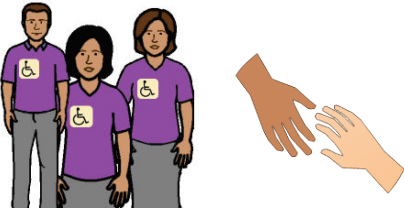

- give everyone program dates at the start of each year

- hire buildings from our partners to make the programs cost less

- ask the government to support us with money

- ask disability groups to support us.

The sole of the foot connects us to the earth and a footprint tells people that we are here. The colours I used in the artwork represent different emotions - Digby Webster.
