## ANIMAL AND ASSISTANCE ANIMAL POLICY

---

### 1. Purpose

To ensure the safety, health, and enjoyment of all visitors, participants, staff and animals, by restricting the entry of animals except for legally recognised assistance animals in accordance with NSW laws.

### 2. Introduction

No animals are permitted within the venue grounds under any circumstances, except for certified assistance dogs as defined under applicable NSW and Commonwealth legislation.

This restriction is in place for the safety of animals and humans alike, and to uphold the venue's duty of care obligations.

### 3. No animals are permitted

- Motor sports venues frequently exceed noise levels found in fireworks displays. Research, including by the RSPCA, indicates that such noise can cause fear and distress, hearing damage, and disorientation in animals.
- Past incidents at similar venues have included dog bites and other animal-related injuries. It is believed to be caused by the animal's stress or anxiety due to the environment.
- Even animals located in car parks some distance from the track may be adversely affected by noise, vibrations, fumes, and unfamiliar conditions.

We understand that some may feel strongly about bringing animals to events, but the only responsible course of action is to prohibit them entirely, except in the case of legally recognised assistance animals.

### 4. Definition of an Assistance Animal
