

Tuppa 30 Pendant

Objects For Thought

Designed by Jordan Fleming for Oft, Tuppa explores the interplay of material and shadow. Light filters through Tuppa's curved glass form, a veil that softens its glow while revealing the outline of a metal shade suspended within.

The hand-blown glass is available in Clear and Milk colours, each paired with spun brass or stainless steel to offer a balance of warmth and clarity. The form draws on the familiar tactility of domestic objects while remaining minimal and contemporary.
