supermodular.com/en/smart-lotis

Designers can stay up all night trying all sorts of things with Smart, our most versatile range of architectural lighting. Mix and match, from a mosaic of shapes, sizes, colours and mounting options, and create a playful installation while maintaining a consistent look and feel. The Smart choice for any application.

3 designs that multiply

Smart's 3 designs are a party for designers. Double the fun, Lotis, Cake and Kup come in fixed and adjustable versions. Adding colour to fun, all variations come in black structure, white structure and a warm, golden finish, and can further be combined with all Smart accessories.

Limitless combinations

Play with shapes and depth. Smart mask is the opportunity to play with round lights in a square or rectangular shape. Smart box adds dimension by protruding from the ceiling, hugging any of the 3 designs. Smart tubed, suspended, surface-mounted on wall or ceiling, gives depths to the circular design, emitting down/up light. Smart tubed 82 easily slides in our 230V track rail.

Join the ball

Smart ball flaunts a bubbly, spherical shape, in two sizes: Smart ball 82 and Smart ball 115. In white or black structure, it hangs gracefully from a thin matte black suspension cable. As with the other accessories, combine Smart ball with a differently coloured light in any of the 3 designs, for a little contrast and fun. Smart is also warm-dim compatible.
