

BoscoLighting's Emergency Waterproof Module Batten is an effective lighting solution for weather exposed lighting requirements.

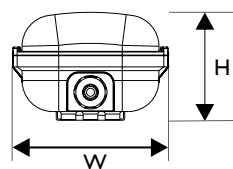

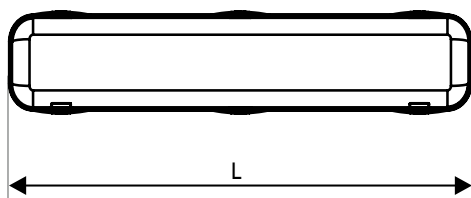

It is suitable for apartment complexes, retail buildings, commercial car parks, warehouses and outdoor pathways. Available in Maintained and Non-Maintained configurations, you can be assured the lights will stay on when the power goes out! Designed to exceed the new AS2293:2018 requirements, batteries are rated for 2 hours, but are also available with higher capacity.

(BWP is supplied with mounting bracket.)

(BWP can be suspended as pendant light, optional suspension kit on request.)
