

Plaster Hole Resize Kit

LED Downlight Accessories

BLTK-RESZ-220

Oversize Plaster Hole Resize Kit allows holes in plaster ceilings to be resized down from 210-238 mm to 160 mm.

Perfect for when upgrading lighting from older larger technologies.

It includes a base plate for mounting and a white colour bezel insert plate for resizing.

Dimension(mm): L250*W238*H21
