*Warrnambool Red Wax Mature Cheddar
(Allansford, Victoria)*

Warrnambool Red Wax Matured Cheddar is based on a traditional English style. It has a well-balanced flavour and a texture that is firm enough to slice without being overly crumbly. It's matured for up to twelve months.

Trinity Cellars Blue (South Australia)

Trinity Cellars Blue has a sweet profile, strong fruity characters and a mild spice from the blue mould that is extremely moreish. Texturally the cheese delivers on a dense crumbly mouth-feel.

*Rouzaire Brie Aux Truffles (Truffle Brie)
(Ile-De-France, Seine-Et-Marne, France)*

Rouzaire Truffle Brie belongs to the Brie family, but when it's very young, its cut in half horizontally and a layer of truffle mixed cheese is added. The top is put back on and left to mature. Its interior is soft and sumptuous; flavours are rich and decadent with the unmistakable flavour of truffle.

(V) = Vegetarian | (GC) = Gluten Conscious

(GC) Item is prepared with gluten free ingredients, however kitchen is not gluten free
