

COIN DEPOSIT

CDM400

The CDM400 coin deposit machine was created to allow smaller banking institutions and credit unions to automate their coin deposits, using minimal space and budget.

The machine counts the deposited coins, and provides a receipt. The amount can be wither charged into the customer's account or exchanged for cash.

Easy to use and maintain, the CDM400 offers a user-friendly, vandal-proof design.

Features

- User-friendly, vandal-proof design
- LCD screen and printed, graphic instructions guide user through the simple 3-step operation
- Minimal footprint (602W x 382D x 1086H mm)
- Detects and rejects counterfeit and foreign notes
- Easy to clean and maintain
- 2 outputs for mixed coin bags
- Low cost - great ROI
