

## Combo Device

The Combo Device is the combination of our Pay-In and Cash Exchange Machine, resulting in a compact yet highly functional device capable of exchanging high denomination banknotes into rolled or loose coins and smaller banknotes, while also accepting high-value business deposits in tamper-evident barcoded bags, all in one cost-effective solution.

By deploying the Combo, banks and large retailers will be able to offer their customers and staff a complete, fast, and operationally convenient solution 24/7, while saving on footprint and maintenance costs.
